

## North Side Construction Update

**The designated parking area on the north side of the mouth of the Kasilof River is open for use.** The parking area has been paved and striped as of June 15<sup>th</sup> and is open to the public on a first come, first serve basis. Please respect the “No Parking,” “Handicap,” and “Authorized Vehicles Only” signed areas. Also, be courteous to other users by not occupying more parking spaces than needed to accommodate your recreational and/or passenger vehicles. There are currently no fees to use the parking area or to camp on the beach. Vehicles and camping are permitted on the beach. Tent camping is also permitted inside the dune fencing.

Construction of the remaining guardrail, kiosk, and bird viewing platform will continue through the summer months and should be wrapped up by the fall. Please continue to check back often on this website for construction updates.
