## LAND STATUS

-  FEDERAL
-  STATE
-  BOROUGH
-  PRIVATE (includes Native, Native selected, university, university selected, and other private lands)

NOTE: This information has been generalized to show ownership in blocks of approximately 320 acres or greater. Hence, many isolated private lots are not shown, e.g., many lakes which appear public are ringed with private lots.

## LAND USE DESIGNATIONS

Designations in CAPITAL LETTERS are primary designations; those in lower case letters are secondary designations. Statements in *italics* indicate whether areas are open or closed to mineral location and coal leasing; all areas are available for oil and gas leasing.
