

The best life jacket is...

The one that fits!

Boating Safety Messages

Break the Code!

Count the letters in your first name.

Subtract 4 if your name has 6 or more letters

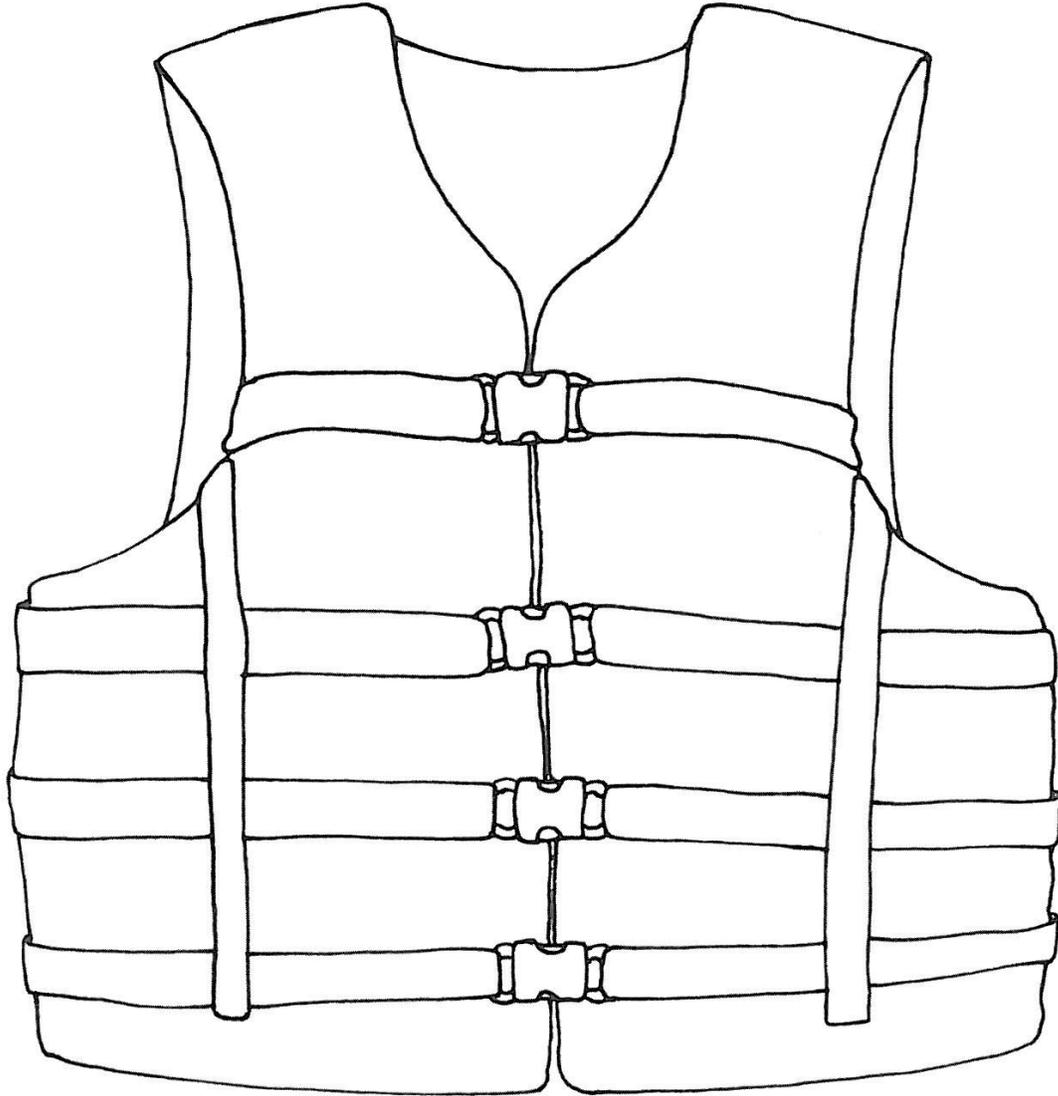

Add 3 if your name has less than 6 letters

The number you get is your code number. Circle all the letters under your code number to find the message just for you.

Here is an example of a really good life jacket.

Color it brightly!

**Find and circle the words in the list as shown.
Words can intersect, read vertically, horizontally
and diagonally!**

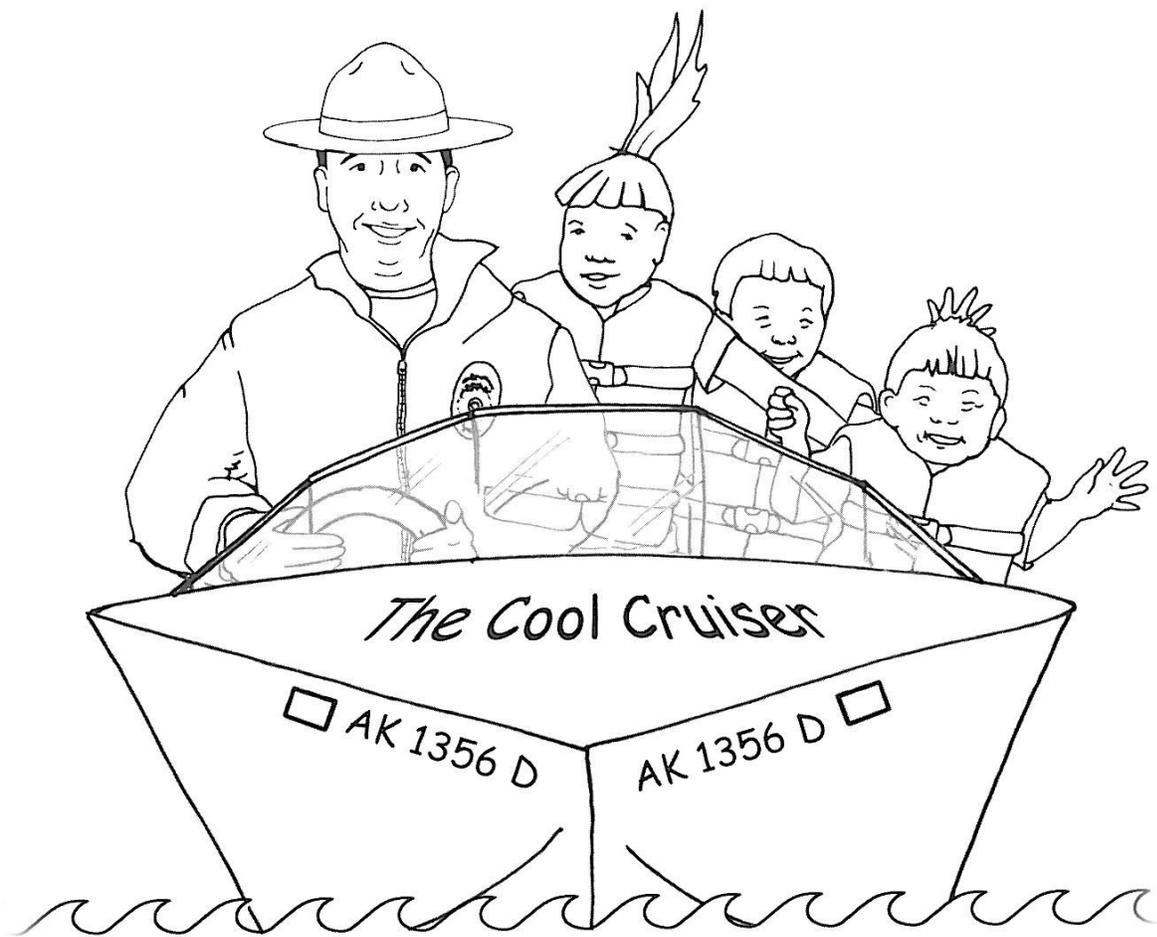

aft, anchor, bail, bell, boat, bucket, buckle, buoy, buoyancy, chart, cold water, deck, dock, emergency, extinguisher, fire, first aid kit, flare, horn, hull, kayak, kid, kids don't float, life jacket, moor, oar, paddle, PFD (2 x), port, radio, row, safe, sail, sea, ship, signal, skiff, stern, throwable, wake, wave, whistle

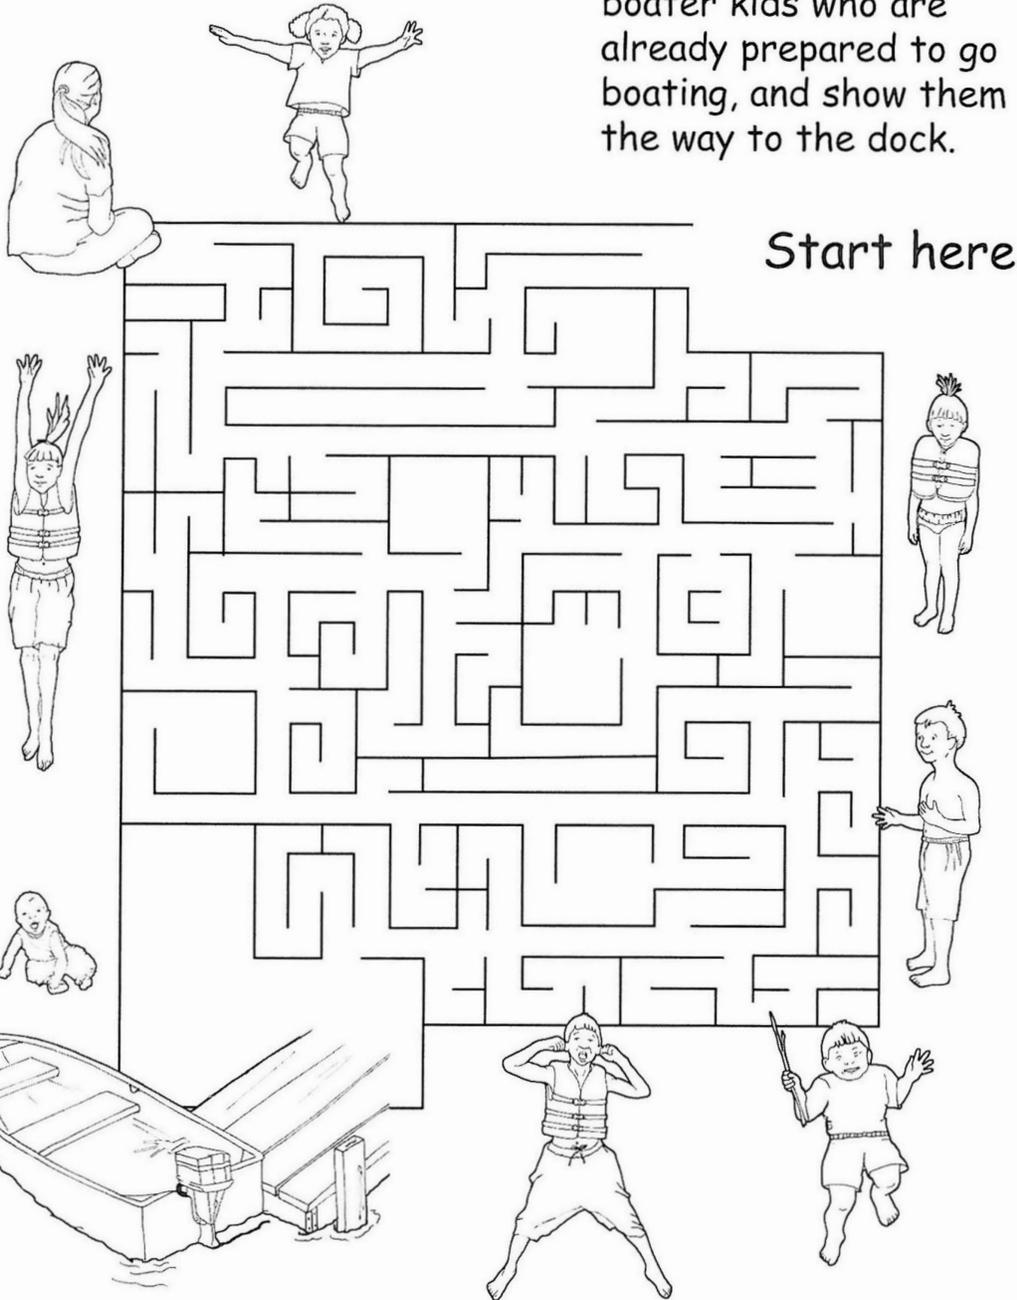

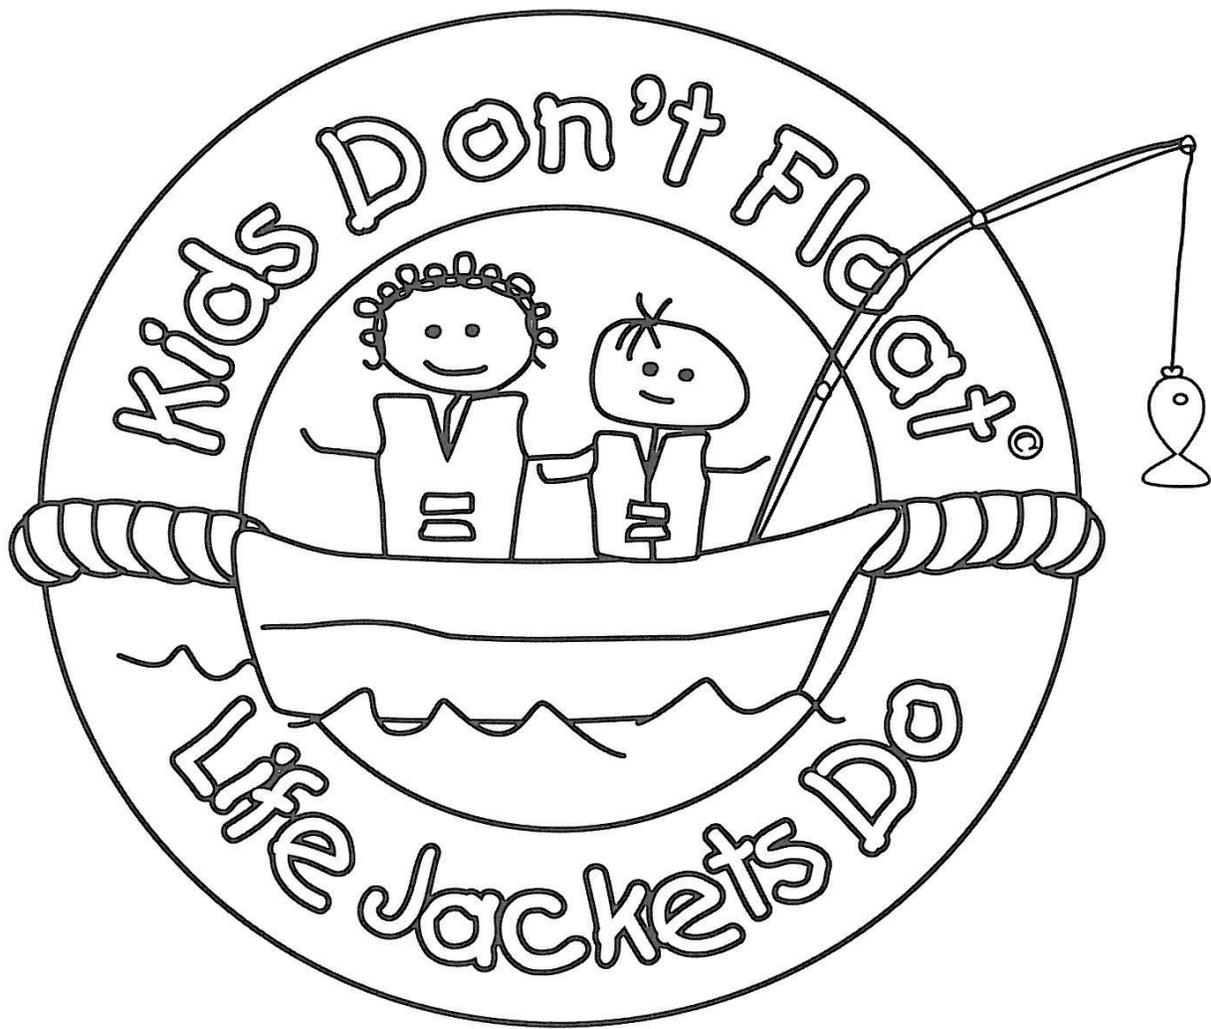

Life Jacket Law:

Persons under the age of thirteen must wear their life jacket in an open boat or on deck.

Everybody wants to go boating, but this small boat only has room for three people at a time. Circle the three safe boater kids who are already prepared to go boating, and show them the way to the dock.

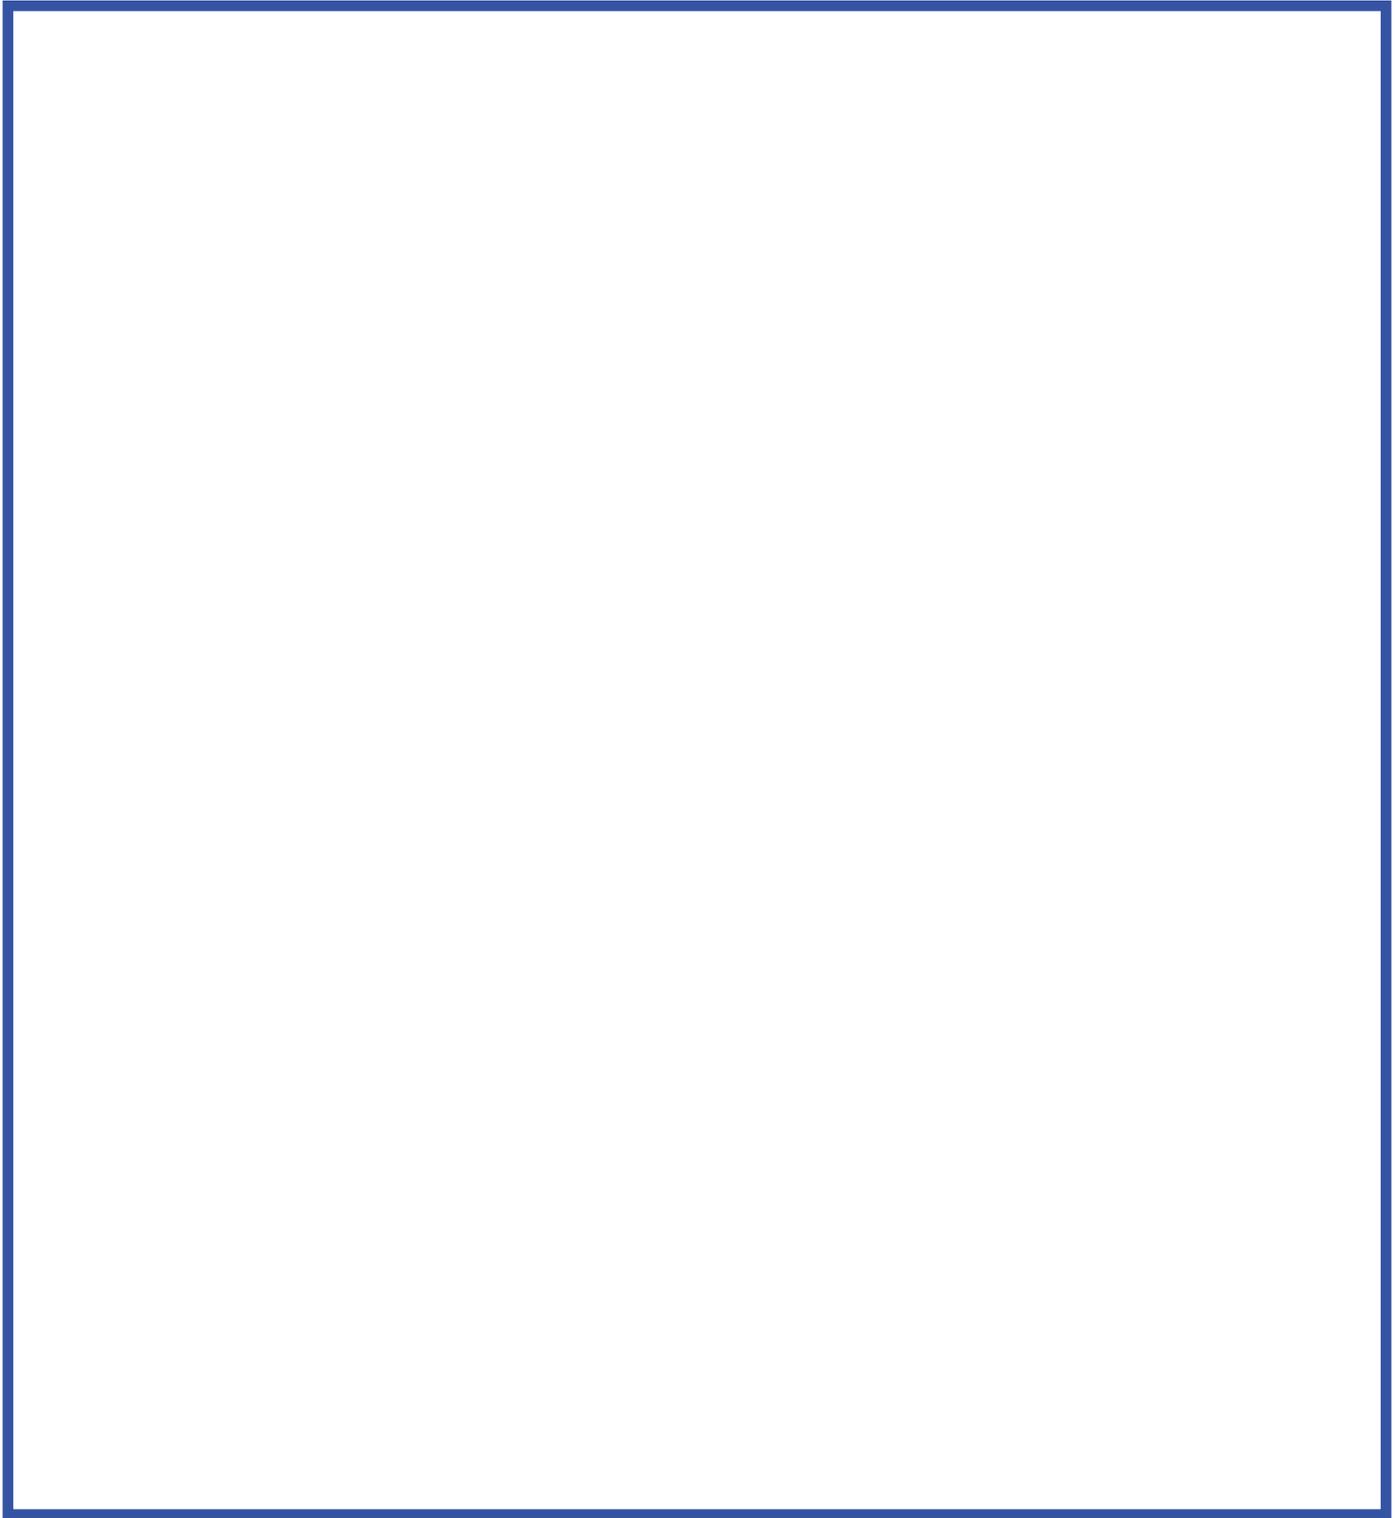

Always wear your
life jacket

when on a boat or near water!

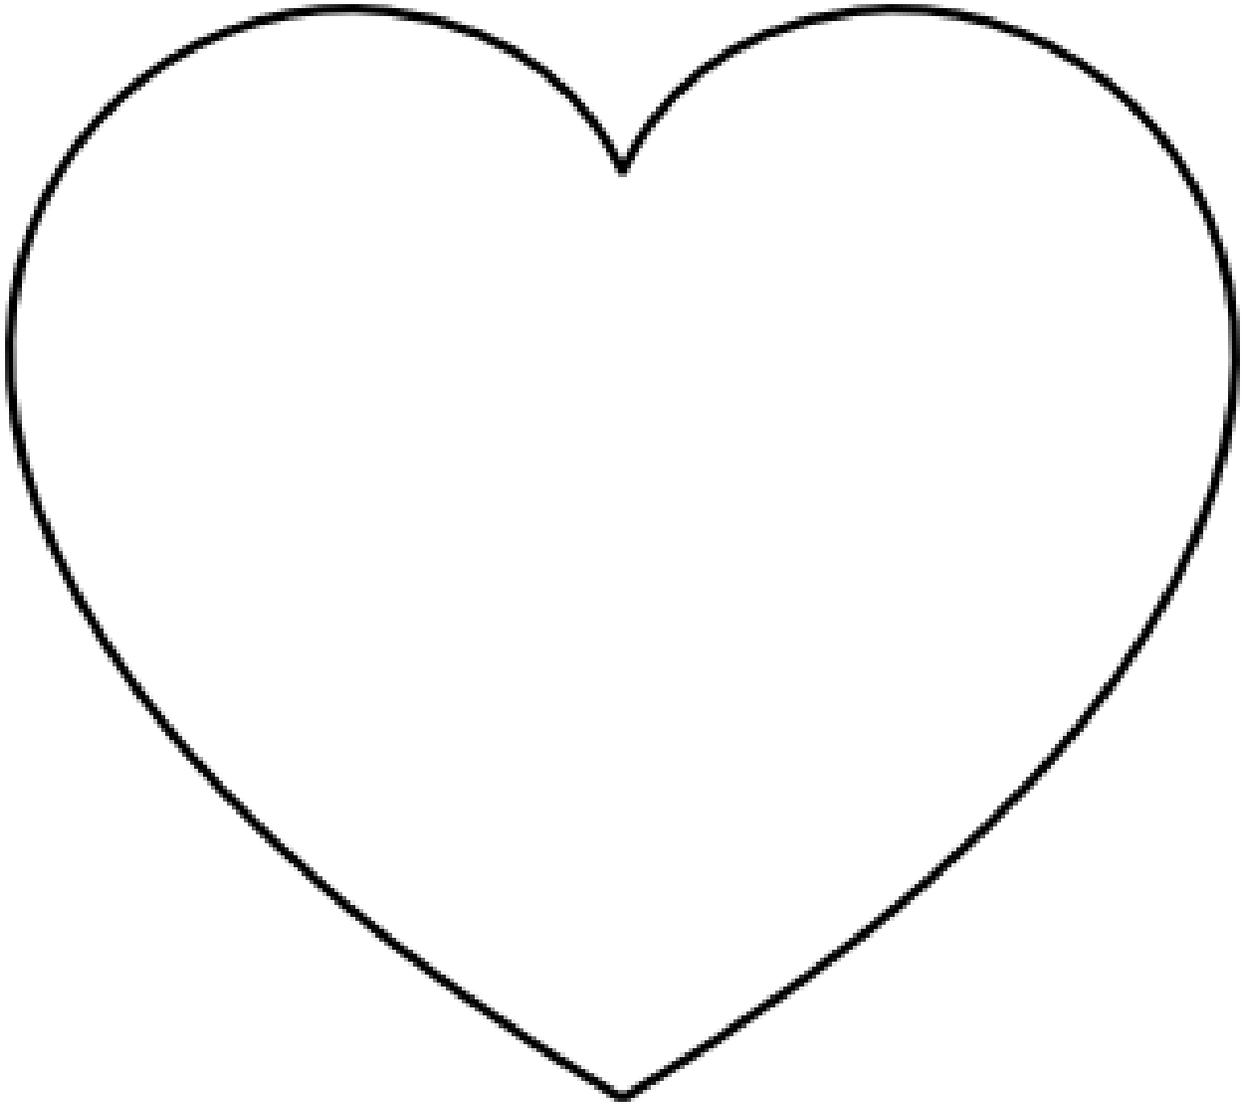

What will your next boating adventure look like?
Draw a picture below.

Who would you like to see wearing a life jacket?

Draw a picture of who you would like to see wearing a life jacket in the heart.
Carefully cut out the heart shape. Share your heart drawing with them!
